RE: Declaration of Similarity

Dear Sam,

This letter serves to declare the Johnson Outdoors Helix 12 G2N Series of products contain the following model variants:

HELIX 12 CHIRP GPS G2N
HELIX 12 CHIRP DI GPS G2N
HELIX 12 CHIRP SI GPS G2N
HELIX 12X CHIRP SI GPS G2N

We declare that the above model variants are identical and differ only in software.

In our judgement, the HELIX 12X Series is the worst case for EMC. The HELIX 12X CHIRP SI GPS G2N having the most functionality, is being submitted for testing to represent all of the HELIX 12 model variants.

Sincerely,

A handwritten signature in black ink, appearing to read "Greg Massey".
